

MISSION PRIORITY

I N T E R N A T I O N A L

July 10, 2026

Mission Priority International, Inc. (MPI) is laser-focused on being the people that Christ spoke of in Matthew 5:16, who are doing such good works that people will give glory to the Father in Heaven. Indeed, Jesus spoke very well when He said that the harvest is plentiful, and the workers are few. To many, these seem like ordinary days with the normal concerns that humanity has had throughout history. But Mission Priority International believes that even if we did not believe that we are living in extraordinary times (we do!), there are crises happening every day in the lives of children, families and societies everywhere which should not be ignored no matter how common the tragedy may seem to be. MPI is committed to working in full support of, and in harmony with, the organized Seventh-day Adventist Church in a way that touches the lives of millions of people, families and societies around the world that are in need of hope.

This is why MPI is encouraged by the vision behind Healthy Lifestyles International. They also have a sense of urgency to touch the lives of billions of people, and their focus is to bring practical help to those who are suffering, regardless of where they live or what they believe. Their ambitious desire to harness the wealth of the world to deliver no-nonsense, practical help to alleviate suffering and hopelessness is greatly needed in our world today. Their comprehensive focus on the areas of health and wellness, financial literacy and economic empowerment, and mental health, education and literacy is commendable. May the Holy Spirit lead and empower His vision through this organization in a mighty way!

At MPI, we are grateful that HLI has graciously offered to support many of our initiatives as part of its strategy to harness financial capability to serve the interests of the Creator. We are grateful for HLI's generous support, which is helping extend practical, life-giving care to communities across Africa.

We are pleased to prayerfully work in a united way to touch the lives of millions for the glory of God.

Many blessings,

Pastor Emanuel Pelote
President, Mission Priority International, Inc.
